DETAILED ACTION

Claims 35, 37-39, 41 and 49-51 are currently pending in the instant application, are allowable over the prior art of record, and have been renumbered as claims 1-8. Applicants' amendment has overcome the claim objections; the 112 2nd paragraph rejection; the double patenting rejections; and the 35 USC 103(a) rejection.

Terminal Disclaimer

The terminal disclaimer filed on 15 June 2007 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US Patent Application No. 10/333,556 has been reviewed and is accepted. The terminal disclaimer has been recorded.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Charles Muserlian on 8 August 2007.

The application has been amended as follows:

1. Amend claim 35 by deleting the second instance of "or alkyl" from the definition of R19, R20 and R21.

Reasons for Allowance

Art Unit: 1626

The following is an examiner's statement of reasons for allowance. This invention relates to products of the formula (I)G. The novel and nonobvious aspect of this invention involves the substituents on the Ω . The closest prior art of record, WO 98/58934, which discloses the intermediate compound 26.3 on page 94, 4-[3,5-bis(1,1-dimethylethyl)-4-hydroxyphenyl]-N-methyl-2-thiazolemethanamine, fails to teach or suggest applicants' instantly claimed invention as there is no direction or motivation for modifying the intermediate compound 26.3 to arrive at applicants' instant invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
